I am writing to express my strong interest in the Data science intern role at your company as advertised on LinkedIn. With my background in Full Stack Web development and ongoing studies in Artificial Intelligence and Data Analysis, I am confident in my ability to contribute to your team and deliver high-quality technical projects. In my most recent position as a Full Stack Web Developer and Mobile Developer (Part-time) at Iker | Centre Vile Tétouan, I have been actively involved in a major project, where I work with Laravel for web development. Additionally, I have led a team, ensuring seamless collaboration and motivation. Moreover, I have undertaken several AI and Data Analysis projects, integrating them with websites and others just on Google Colab. I invite you to review some of my machine learning projects, accessible via the following links:

Cancer Detection Web Site: <https://github.com/abdelkhalek-haddany/Cancer-Detection-WebSite>

Cancer Detection Model: <https://github.com/abdelkhalek-haddany/Cancer-Detection-Model>

NER Project: <https://github.com/abdelkhalek-haddany/ner-project>

I have also obtained the following licenses and certifications:

Exploratory Data Analysis for Machine Learning:
